Hanover, June 29, N. S.

HIS Majesty came to Osnabrug on Sunday Night the 20th, and stayed with his Royal Highness the Duke of York who is Bishop of that Place, till the Tuesday Morning following, and that Night arrived at Heerenhausen. On Saturday last in the Afternoon the Right Honourable the Lord Viscount Townshend, and the Lord Carteret, two of His Majesty's Principal Secretaries of State, arrived here. They waited on the Duke of York in their Passage through Osnabrug, and were very graciously received by his Royal Highness. The King of Prussia in his Return from Cleves intends to pay a Visit to His Majesty, and is expected here every Hour. The Day of the King's going to the Waters at Pyrmont is not yet fixed, but 'tis expected that as soon as the King of Prussia is gone, His Majesty will declare the Day of His Departure for that Place. Mr. Finch, fourth Son of the Earl of Nottingham, is come hither from his Travels in Italy. Baron Wallenrodt, Envoy Extraordinary from the King of Prussia, came from England to this Place on Friday Morning last; where he will continue till His Majesty's Return. This Afternoon a Colonel came Express from the King of Prussia, to acquaint His Majesty that his Master intended to be here this Evening: And his Prussian Majesty is just now arrived, and gone on to the King at Heerenhausen. At his Entrance here, he was saluted with a triple Discharge of all the Artillery on the Ramparts. His Majesty and Prince Frederick are (God be praised) in perfect Health: The Prince is at Heerenhausen, and will remain there during the Summer Season. The Duke of York is to meet His Majesty at Pyrmont and drink the Waters there.

Hanover, June 29. N. S. An humble Address of the Governour, Council and Assembly of Barbados: Also an humble Address of the Council and General Assembly of Barbados, having been transmitted by Henry Worsley, Esq; Governour of that Island, to the Right Honourable the Lord Carteret one of His Majesty's Principal Secretaries of State, were by him presented Yesterday at Heerenhausen to His Majesty, who was pleased to receive them very graciously.

To the King's most Excellent Majesty,
The humble Address of the Governour, Council and Assembly of Barbados.

Most Gracious Sovereign,

AS we cannot but stand amazed at the monstrous Wickedness of any of our Fellow Subjects, in forming a Conspiracy in Favour of a Popish Pretender, against a Prince the whole Course of whose Administration speaks him design'd by Providence for the Good of Mankind in general, and the Welfare of his Subjects in particular; so we want Words to express the Joy we lately felt, and the Pleasure we still take in reflecting on your Majesty's Care and Vigilance in making a timely Discovery of that horrid Attempt; by means whereof, all true Britons must necessarily see themselves once more delivered from Blood and Confusion, and the Enemies to their Civil and Religious Liberties may possibly be at length convinc'd, 'tis no less than fighting against Heaven to oppose him, who, in all his Actions, follows its Directions, and executes its Commands.

The base Ingratitude, and the strange Infatuation of these People, being equally Unaccountable, must altogether occasion the utmost Indignation in every honest Breast; and we earnestly beseech your Majesty to believe us when we declare, with one Heart and one Voice, that none of your Majesty's loyal Subjects are able to conceive a greater Abhorrence of these hellish Practices than we do, or can entertain more grateful Sentiments of the Obligations we all lye under to the Father of our Country, not only for preventing the dismal Consequences which attend the Success of such desperate Designs, and the wise and just Measures your Majesty has taken for the Preservation of our Constitution both in Church and State, but also for the Royal Assurances your Majesty has been most graciously pleased to give of your continuing to make the Laws of the Realm the Rule and Measure of all your Actions.

We could not therefore be satisfied in our Minds, without making this sincere Acknowment of what has been ever uppermost in them; and as these are our own real Principles, so we have the Satisfaction to know they are what generally prevail in this Colony: And we beg Leave humbly to assure your Majesty, that we shall unanimously make it our Business to cultivate the same amongst all your Subjects here, who we hope will heartily unite, and endeavour to outvie one another, only in Demonstrating themselves to be, what we Glory in being,

May it please Your Majesty,
Your Majesty's
Most dutiful, most loyal, and
devoted Subjects and Servants.
